**ORDER:**

In the reference 1<sup>st</sup> read above, the Engineer-in-Chief (Irrigation) has requested the Government for permission to draw a quantum of water 0.0002 Cusecs per day from Balusumudi Branch Channel, to the Industry M/s. Unofeeds, Komarada (V), Bhimavaram (M), W.G. District, subject to certain conditions mentioned therein. He has also stated that a resolution has also been passed by the Water Users Association, Golavanithippa who have no objection in irrigation point of view to accord permission for lifting of water.

2. Government after careful examination of the proposal, hereby accord permission to draw a quantum of water 0.0002 Cusecs per day from Balusumudi Branch Channel, to the Industry Unofeeds, Komarada (V), Bhimavaram (M), W.G. District for a period of ten years with usual terms and conditions subject to condition that firm shall obtain the concurrence of District Collector, West Godavari and the clearance of Pollution Control Board. Structure permissions etc., from the Engineer-in-Chief(Irrigation) and the Chief Engineer, CDO, Hyderabad, Subject to payment of the Royalty payable as per Government orders in this regard from time to time and all other conditions applicable to water allocation for industrial purpose vide various Government orders and subject to the following conditions:-

1. The water can be spared based on the availability of water in the source.
2. The water drawn from the canal shall be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation of the permission without any notice and liable for imposition of penalty.
3. The entire cost of pumping arrangement, pipelines etc., should be borne by the industry only.
4. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the department authorities, and the representatives of the user shall be present at all times for inspection.

5. The industry should pay water rate at the existing rates and subject to revision by the Government from the time to time.
  6. The industry should make their own arrangements to dispose the treated effluents as per norms of APPCB in their premises only, and should obtain prior permission if any needed from Government to dispose treated effluents.
  7. The Irrigation department reserves the right for cancellation of the permission without assigning any reasons thereof.
  8. The Irrigation Department is no way responsible of non supply of water due to any reasons.
  9. The industry should pay security deposit at 2.5% on 10 years water charges for which permission is granted.
  10. The permission accorded shall be for a period of 10 years only. The permission shall have to be renewed well in advance before the expiry of the permission.
  11. The industry shall pay one year water charges as advance and amounts due to the department before entering into the agreement.
  12. The industry shall follow the G.O.Ms.No.39, I&CAD Department., dt:02-04-2002 and must pay royalty charges at the rate of Rs.4.50 per 1000 gallons as the water is used for consumptive use and also treating as from canal.
  13. The firm has to pay the water charges for the approved quantity in advance at the start of the financial year i.e. before 10<sup>th</sup> April every year as per B.S.O.
  14. The consumptive utilization of 500 liters per day (0.0002 cusecs) as required should not be exceeded under any circumstances.
  15. The industry should conclude the agreement with the Superintending Engineer, Irrigation Circle, Eluru.
  16. The permission does not confirm any riparian right to the industry.
3. The Engineer-in-Chief (Irrigation), Hyderabad shall take necessary action accordingly.
